

## DocuPunch® MINI

### Automatic Punch

The James Burn **DocuPunch**® MINI automatic punch will revolutionize finishing operations in the copy center environment. With the ability to automatically punch up to 10,800 sheets per hour, this machine offers incredible labor savings with a quick ROI.

The **DocuPunch**® MINI is the first automatic punch available in a compact table top machine. It frees up your staff to handle other tasks while this automatic machine does the punching for them, saving you time and money. As easy to use as an office photocopier, this versatile, ergonomically designed time-saver offers hands-free punching of pre-collated books, presentations, reports and even tabbed sheets that makes quick, light work of your diverse punching needs.

Setup is simple and is done in less than a minute and die changes only take seconds! Just load the paper, push the start button and walk away. The hands free operation allows your operator to perform other tasks while the punch does the work.
