

MP2500iX

Heavy-duty punch

This heavy-duty punch can handle up to 16,000 sheets an hour and is quiet enough for use in office environments. LEDs make production easier by displaying power on, die-set information and full chip drawer. A range of interchangeable die sets are available to handle all your presentation spine styles.

Added features

- Includes one self-lubricating die set with disengageable punch pins
- Additional die sets available separately
- Electric push-button or foot-pedal operation standard
- Automatic reverse to prevent paper jams
- Extra-large drawer for paper chips
- Fully adjustable paper alignment guide

Product Number 7704300

Spine compatibility	Sheet capacity*
Color Coil®	17 Sheet punching capacity
CombBind®	25 Sheet punching capacity
ZipBind®	25 Sheet punching capacity
WireBind	22 Sheet punching capacity
ProClick®	18 Sheet punching capacity
VeloBind® and SureBind®	29 Sheet punching capacity
Loose-leaf 3-5-7 2-4	25 Sheet punching capacity

Interchangeable die sets

Choose the perfect binding style every time. Interchangeable die sets let you change punch patterns without changing machines. It's fast and easy. Dies are labeled for quick identification, slide easily in and out, and lock in place — no tools or levers required. Disengageable pins let you alter patterns and tailor them for smaller-sized sheets.

* Sheet capacity is based on 20 lb. bond paper. Color Coil® sheet capacity is for 4:1-pitch, round-hole die sets. WireBind sheet capacity is for 3:1 pitch die sets.

MP2500iX

Powerful office punching

Choose the die sets for your multiple-pattern punch.
